

ANTIPANTS

Promoting, Animal Welfare, Conservation and Anti-Poaching

To Whom It May Concern,

We are writing to invite you to partner with us as a sponsor for a unique and meaningful initiative taking place on 18th October 2026, in support of conservation, anti-poaching, and animal welfare.

For the past eight years, the annual Antipants ride has brought together the biking community and the public to raise awareness and funds for important environmental and wildlife causes.

In 2026, we are proud to announce that we will be riding for South Africa's national bird — the Blue Crane — highlighting the need to protect this iconic and vulnerable species.

This event is a collaboration between Natural Riders MCC and Andrenigons MCC, two motorcycle clubs united by a shared commitment to conservation, community, and making a difference in unconventional but impactful ways.

Bikers pay to take part in the ride, which gives them the privilege of riding with no pants or dressing up and making a fool of themselves — all for a great cause. The fun, light-hearted nature of the event draws attention, sparks conversation, and helps amplify the serious message behind it:

We support anti-poaching and animal welfare.

We are currently seeking sponsors who would be willing to support this initiative through:

Monetary donations, and/or

Goods or items that can be auctioned or raffled to raise additional funds.

In return, sponsors will benefit from visibility across our platforms and events, association with a well-established conservation initiative, and the opportunity to support a cause that directly impacts South Africa's wildlife heritage.

More information about the event can be found on our website:

Should you wish to discuss sponsorship opportunities or require any further information, please do not hesitate to contact us at:

We would be honoured to have your support as we ride into 2026 for the Blue Crane and for the protection of our natural heritage.

Kind regards,

Natural Riders MCC
